

INDUSTRIAL WELFARE SCHEME INAUGURATED

In line with modern efforts toward welfare in working conditions, one progressive manufacturer in San Francisco has recently inaugurated a plan of insuring the lives of its employees, free of any charge to them.

Under this plan, each employee of the company is asked to designate in writing the person or persons he or she wishes to become beneficiary in the event of death. To such beneficiary this company has agreed to pay the sum of \$500 in the event of the death of the employee.

The plan has received the hearty approval of the large corps of factory workers, office employees and salesmen employed by the company. Especially in the case of factory workers the insurance has been greatly appreciated, as it often happens that they are not in position to provide for those dependent upon them in case of their death.

A glance at the list of beneficiaries designated is interesting from the point of appreciation of this insurance. For example, one woman has requested that the \$500 be distributed among her seven children. Doubtless she feels that at least she has now some small protection for those dear to her in case their support is withdrawn by reason of her death.

The John Bollman Company, which has established this new scheme, is a large manufacturer of cigarettes in San Francisco. This is in line with the many favorable working conditions for those employed by them that they have embodied in their new and modern plant.

A trip through this modern factory, with its spotless walls, its light, cheerful working floors, rest rooms, shower baths and restaurant facilities, is an education along industrial welfare lines.

BANK ROBBERS MAKE AN EXTENSIVE HAUL

NOTES OF NO VALUE TO BANDITS
ARE HEAVIEST LOSS TO
INSTITUTION

(By Associated Press.)
CENTRALIA, Okla., Oct. 20.—Officials of the First National bank of Centralia, which was robbed yesterday by four men, announced that practically all the notes held by the bank to the amount of about \$75,000 had been taken by the robbers, who also obtained \$6118 in currency. The officials have no hope of recovering any of the stolen paper and believe the robbers will burn it.

In the meantime the bank has no evidence of debt from several hundred borrowers.

Posses have given up the chase of the bandits.

DEPARTMENT DENIES REQUEST BY RAILROADS

POSTAL SERVICE REFUSES TO
KEEP RECORD OF CONTEM-
PORANEOUS WEIGHTS

(By Associated Press.)
WASHINGTON, Oct. 20.—A request of the railroads that the post-office department be compelled to keep contemporaneous comparative weight records of all mail carried during the projected test of the space pay basis for railroad mail pay, was denied by the interstate commerce commission. The space basis of compensation will be installed throughout 90 per cent of the service on November 1, to try out its possibilities.

The roads contend that a fair test can be had only by keeping weight statistics for comparison.

MINE MEN MISSING AND SIX ENTOMBED

EXPLOSION OF MINE DUST IN A
COAL PROPERTY IN WEST
VIRGINIA

(By Associated Press.)
FAIRMONT, W. Va., Oct. 20.—Six men are known to be entombed and nine others are missing as a result of an explosion of coal dust in mine No. 7 of the Jamison Coal and Coke company at Harrackville, near here.

The interior of the mine, as well as the tipple and other buildings, were wrecked by the blast, and although 200 men are working desperately to clear away the debris, officials of the company believe it will be late today before the rescuers can enter the workings.

The work of removing the wreckage is being superintended by R. H. Jamison of Pittsburg, general manager of the company, who happened to be in Fairmont. A rescue car from the Pittsburg station of the bureau of mines has arrived. About 250 men are ordinarily employed in the mine, but they were not working at the time of the explosion.

EXPEDIENT AIMED AT SECURING SUFFRAGE

WOMEN MOVING TO ANOTHER
STATE CLAIM RIGHT TO
CAST THEIR BALLOTS

(By Associated Press.)

BOSTON, Oct. 20.—A new expedient aimed at obtaining the right of suffrage for women is being tested in this state. Women who have voted in states that have extended suffrage to them, such as California, Colorado and Nevada, have made formal demands in various cities in Massachusetts where they now are resident, that they be registered as legal voters. The claim is advanced that having qualified as a legal voter in one state, a woman who moves to another state has the right to vote in the place of her new residence.

In support of this claim, which is to be pressed in the courts in each instance by the International Woman Suffrage association, it is announced that organization points to sections of the federal constitution which are alleged to cover the situation.

"Full faith and credit shall be given in each state to the public acts, records, and judicial proceedings of every other state" (article 4, section 1). And, "the citizens of each state shall be entitled to the privileges of citizens in the several states" (article 4, section 2), are passages quoted in this connection.
